Connecting Greece
with the Future

This year, Navarino has launched a pioneering new initiative under its Corporate Social Responsibility (CSR) program, titled “**Connecting Greece with the Future.**”

This initiative aims to bring high-speed satellite connectivity to some of the most remote & environmentally sensitive regions of Greece.

All4Blue Recycling Bins
Donated to the Municipality
of Mykonos

Following our initial meeting with the All4Blue organization last year, Navarino recognized a shared commitment to environmental protection and sustainability. As a result, we purchased 10 custom-designed recycling bins made entirely from recycled materials.

Konitsa 1st Elementary
School Riverbank Cleanup

In late April, Navarino's CSR team collaborated with local educators to organize an environmental excursion for 50 students from the 1st Elementary School of Konitsa. The students were transported via a dedicated bus to the banks of the Aoös River in northwestern Greece.

Donation of Police Vehicle
Tires in Athens

Recognizing the funding challenges faced by public safety services, Navarino responded to a request for assistance from local law enforcement units in northwest Athens. In an effort to enhance both operational safety and public service delivery, we sponsored the full replacement of tires on 30 police vehicles.

Supporting Greek
Communities in the UK –
Coventry Sporting Donation

Following our donation of an Automated External Defibrillator (AED) to the Greek Embassy in London last year, Navarino UK engaged in discussions with Embassy officials on how best to support the growing Greek diaspora in the United Kingdom.
